The Cuisine of Pierre Gagnaire. A Culinary Hypothesis.

As one who cooks in the now, a cuisinier de l'immédiat, the chef turns his instincts into moments of Race. In the kitchen, as an alchemiste aux fourneaux, he transcends the raw material to reveal its true substance. Guided by the pull of un principe d'émotions, Pierre Gagnaire has made cuisine a means of expression, a language, one he prefers to be frank and direct, in with dishes that replace words in reaching straight to the heart. Nothing duplicitous, no affectation... simply a daily commitment to the instruments of his trade, conducting his kitchen orchestra in a score of virtuoso savoir-faire.

The cuisine of Pierre Gagnaire is art. It is love. It is technique.*

* A book by Pierre Gagnaire is entitled La cuisine c'est de l'amour, de l'art, de la technique in French.
